創造我們的理想 尋找應走的道路

擴闊眼界 開放胸懷 把步邁

你我同心 攜手合力 把路開

讓我們把青春的力量 匯流成廣闊的海洋

努力鍛鍊健康的身和心 要把握年青的好時光

Session 2010

From: Tam Chun Sing, Council Chairman of HKUSU, Session 2010

To: Hong Kong University Students' Union Council

Re: Council Chairman's address

Chairman, Councilors, representatives of Union sub-organizations and my fellows:

First of all, I would like to express my thanks to all Councilors for giving me an invaluable chance to become the Council Chairman of HKUSU Council Session 2010.

Last year, when I was still the Representative of Cultural Association, before coming to the Union Council, I had expected that it would be the place to discuss various university and external affairs. However, somehow defying my original expectations, Council Session 2009 was an overwhelmingly 'challenging' and 'exciting' year. From the departure of President to the recent Annual Election, HKUSU has faced a multitude of difficulties and hurdles. The reason for me to choose this post, honestly speaking, is not because of my competence or specialized skills, but my enthusiasm to the Union. In terms of ability, the person standing in front of you may not be the most suitable one, but I would perform to my best to facilitate the running of this Council.

In Session 2010, I would prefer council meetings to be conducted in more smooth and efficient ways. In Session 2009, some meetings were running too long and time-consuming. Being the Council Chairman in Session 2010, to avoid waste of time, the number and time period of council and committee meetings would be kept as minimum as possible. I believe efficacy and efficiency of meetings do not depend on how long the meetings last for, but how much efforts councilors or members want to dedicate. Based on my last year's observations, many councilors were not much active in making contributions but often chose to wait for others to speak or motions to be passed. Under Council By-laws, apart from the Executive Committee, the Union Council also has the right to formulate policies. At this moment, without the

assistance of elected Union Executives, Council Session 2010 unavoidably needs to shoulder the responsibility to set out the Union's directions in the coming year. Being the Council Chairman, it is my duty to lead and guide the discussion but Councilors shall also notice that council meetings would not be fruitful or meaningful if you 'isolate' yourselves by only having the physical bodies but not the soul when sitting in this chamber.

In the recent Undergrad issue, there is a discussion part concerning the future of the Union and how students think about HKUSU. Some answers are 'interesting' and surprising as quite a number of members misunderstand the structure and meaning of the Union, for exemplifying not knowing what Union Council is and even criticizing the existing value of HKUSU. I would not comment any views inside but like to invite everyone to think or reflect if it is the problem within the Union itself that students may not have enough knowledge, understanding or even confidence towards HKUSU. Is it possible for the Union Council, the body which shall represent students' interests as stipulated in the Union Constitution, to take the lead to let members know more about the Union and assure them that HKUSU is sufficiently representative in such matters affecting their interests?

Finally, I hope that Union Council Session 2010, with the kind help of all Councilors, will be a wonderful and cheerful year. Thanks.

網絡發展部

更新及發展互動校園電視網頁

建立數碼化校園電視影片資料庫

校園電視將會數碼化歷屆製作的格式並且有系統地整理檔案，製成歷屆製作資料庫，減少尋找檔案的時間並提高工作效率。

百周年校園電視網絡發展

校園電視將與校方及學生會研究、評估並計劃擴展電視網絡至百周年校園各學院及公共地方，務求使同學在新校園亦能接觸校園的資訊。

廣告部

校園電視的廣告部主要為各屬會提供廣告製作服務及電子告示板(ENB)廣告服務，務求將最新的校園活動資訊帶給所有學生。此外，廣告部亦會定期製作公民意識

廣告和價值觀廣告，務求提高學生對社會事物的認知、警覺及灌輸學生適當的價值觀。為增加廣告的吸引力及加強其宣傳效用，來年廣告部將著重特效、聲音和濃縮廣告的長度。此外，為維持給同學傳遞新資訊，廣告部每星期將最少製作兩個廣告。

廣告製作服務

廣告部為屬會提供活動宣傳廣告的服務，屬會填妥申請表格後，廣告部會在三個學校日內確認申請，在十個學校日後的星期一於各校園電視播放站播放已經完成製作的廣告。各屬會每年有三個限額，當一星期內有超過兩個屬會廣告的申請時，廣告部將以先到先得的形式決定。

廣告投帶服務

如若屬會有一套已製作好的活動宣傳廣告，可採用投帶方式於廣告播放週的五個學校日或以前遞交填妥的申請表及製成的廣告片予廣告部，廣告部將於遞表翌日起計三個學校日內確認申請，此廣告會計算於每個屬會全年的申請限額內。

電子告示板廣告服務

電子告示板廣告服務方便、簡單，是屬會發佈訊息的另一選擇。屬會可以自行製作Powerpoint投影片，然後填妥申請表格並連同.ppt檔交回，廣告部會在三個學校日內確認申請，在五個學校日後的星期一於各個校園電視播放站播放，每天至少播放三次，播放期限為兩星期。此服務全年不設限額，惟各屬會每星期只限申請一次。當每星期有超過六個屬會申請的時候，廣告部將以先到先得的形式決定。

迎新資訊日之廣告服務

屬會可申請廣告製作服務或電子告示板廣告服務，廣告將於迎新資訊日期間於校園電視播放站播放。每個服務各屬會只有一個限額，並不包括在全年限額之內，但廣告部最多接納二十五個廣告及三十個電子告示板廣告，當申請廣告之屬會數目超過限額，廣告部將以先到先得的形式決定。

綜合製作部

綜合製作是指新聞及廣告以外的資訊及娛樂節目。節目將以輕鬆有趣的手法拍攝而成，並以短片的形式播出，供同學欣賞。今年，我們會致力製作約二十二個節目，題材亦趨向多元化，務求使資訊性及娛樂性並重，以迎合不同同學的口味。

To: Hong Kong University Students' Union Council
From: Mr. Kok Hiu Tin, Martin, Chairman and Chief Delegate, Delegation to the Hong Kong Federation of Students, HKUSU Council, Session 2009
Subject: Annual Report of the Delegation to Hong Kong Federation of Students, HKUSU Council, Session 2009

Delegation to Hong Kong Federation of Students Annual Working Report

Written by Kok Hiu Tin, Martin

LLB (IV)

(I) Introduction

The Delegation to Hong Kong Federation of Students represents the Union in the Hong Kong Federation of Students ("HKFS"), and advises the Union Council on any matter relating to the HKFS. The members of the delegation are as follow:

Membership of the Delegation to HKFS
Kok Hiu Tin, Martin [Chairman] (Chief Delegate)
Chan King Ting
Ngai Sin Hang, Jenny
Shing Hiu Yi
Shum Hin Lung, Winson

As the Chief Delegate, I shall outline the work done during the year and laid down any observations and recommendations.

(II) Fulfillment of Duties

A) Annual Conference of the HKFS

The Annual Conference of the HKFS was successfully convened on 21 March 2009. All members (including the then non-voting member Mr. Ayo Chan) were present at the Conference, together with members from the previous session Miss Ko Man Ying, Mr. Tsui Kit Sang (non-voting) and Mr. Kwok Wing Kin (non-voting). I delivered the Chief Delegate's Speech at the Annual Conference.

The next Annual Conference of the HKFS will be held from 19 March to 21 March 2010, when I will be attending as the Chief Delegate from the past session.

B) Council Meetings of the HKFS

The First, Second and Third Council Meetings of the HKFS were convened on 27 June 2009, 17 October 2009 and 6 February 2010 respectively. Mr. Winson Shum, Miss Jenny Ngai and myself were present at the First Meeting in June; and Miss Jenny Ngai and myself were also present at the Second Meeting in October. I was out of Hong Kong during the Third Council Meeting, which was attended by Miss Jenny Ngai.

C) Standing Committee of the HKFS

As the Chief Delegate, I also sit as the Standing Committee member to the HKFS. This year, the Standing Committee meetings have been held weekly on Saturdays. The attendance rate of the HKUSU delegation in these meetings has been very high, and as a member I have been much involved with discussions and functions of the Standing Committee. I am grateful to other members of the HKUSU delegation who have also been diligent in attending these meetings as observers, and have provided me with great assistance and support.

Since the Standing Committee operates on a consensus-basis, it was important to exercise judgment independently on all agendas in order represent the stance of the HKUSU. There have previously been heated debates during the meetings, which I believe is conducive to healthy dialogue and the advancement of the HKFS.

D) Participation in HKFS Events

The Delegation has been active in participating in HKFS events, in particular involving the agendas of 'June Fourth' and 'July First'.

June Fourth Commemoration

The HKUSU delegation has participated in demonstrations and other publicity events for the commemoration of June Fourth and the fight for its rectification. In particular, the HKFS initiated a 64-hour hungry strike outside Times Square, Causeway Bay, and Miss Shing Hiu Yi represented the HKUSU in participating in the event.

July First Promotion

For the promotion of the July First March for Universal Suffrage, the HKFS organized various street stations, signature petitions and other promotion events. On 10 May, the HKUSU delegation set up a street station in the pedestrian zone in Sai Yeung Choi Street, Mong Kok; and on 14 June, the delegation set up another outside

Kwai Fong MTR station. On 20 June, the delegation, along with representatives of the Hong Kong Shue Yan University Students' Union, collected signatures in Tai Koo in promotion for the July 1st March.

The HKUSU delegation also participated in the 'HKFS Promotion Team for the July 1st March' on 21 June, which marched from Victoria Park to the Hong Kong Government House. The team stopped at different points to promote the July 1st March among the general public. On 28 June, the delegation co-organized the 'Mobilise for the July 1st March' Evening Ceremony. Finally on 1 July, the HKFS mobilised tertiary students from various institutions on the July First March for Universal Suffrage.

The objective of the HKFS was to promote the March in different zones through different means. However, I believe that not all of these strategies have proven effective, as in some regions it is clear that the public have been disinterested in the publicity work by the HKFS. Nevertheless, I believe the HKFS gave a huge effort in the series of publicity events, and have laid the foundation for future campaigns to come.

Other HKFS Events

The HKUSU delegates have also participated in other HKFS events. One important HKFS agenda relates to the Citizens' Radio case, which has significant impact on the freedom of expression and the media in Hong Kong. On 7 September and 22 October 2009, Miss Jenny Ngai and I participated in two demonstrations with the HKFS outside the Eastern Magistrate' Court in support of the Citizens' Radio and Mr. Szeto Wah. Unfortunately guilty verdicts were eventually handed down, but the HKFS will no doubt continue its support for the Citizens' Radio and the safeguarding of the freedom of expression.

Currently, the focused agenda for the HKFS is the Hong Kong Constitutional Reform, and the HKUSU delegation assisted in the forum was held on 28 November 2009. Other past events include the Campaign against the Graduate Trainee Programme in March, the 'May Fourth' Rally to the Liaison Office of the Central People's Government in the HKSAR, and the demonstration to stop political interference to the RTHK on 26 June etc.

(III) Conclusion and Recommendation

In conclusion, the HKUSU delegation has put in much effort towards the work of the

HKFS, which is a valuable platform for the HKUSU to advance its external aims. I gained a lot from working with colleagues from other tertiary institutions through the HKFS, many of whom are very talented and passionate about the work at hand. In general, the HKUSU has remained as an influential actor at the HKFS. The HKUSU delegation has not been hesitant to take the lead on many agendas, or to express opposition when the HKFS strays away from the HKUSU position.

In the past session, four out of the five members to the delegation were Executive Committee members. In the Half-Year Report, I have pointed to the potential problem that the views among the delegation may not be diversified. I also recommended that more Union Councillors and members should attend the Standing Committee meetings as observers in order to foster deeper communication and dialogue, and to raise the awareness and understanding of the HKFS to a wider scope of students. These sentiments may be repeated here. I would add that it may equally be undesirable for the Delegation to become detached with the Executive Committee, as there can be much room for cooperation between the two committees in advancing the external aims of the Union. Thus, care must be taken in appointing members to the Delegation.

There is no current Chief Delegate to the HKFS as a result of the vacancy of the Vice-President (External). Provided that the post remains vacant after the Union By-Elections, it is recommended that an acting Chief Delegate be appointed by the Union Council as soon as possible to avoid disengagement with the HKFS. In such a case, the Delegation should consult and take instructions from the Union Council when important issues arise regarding HKFS matters.

In the end, I sincerely thank all members to the Delegation for their work in the past session. It has been a pleasure working as the Chief Delegate, and I extend my best wishes to the new Delegation in the coming year.

Hong Kong University Students' Union Council, Session 2009 Annual Report on University Affairs Committee

1. Introduction

- 1.1 As the Chairman of University Affairs Committee, I have held a preparatory meeting and two regular meetings.
- 1.2 Concerning the appointment of each member of the committee, I have invited all undergraduate students through mass e-mail. Apart from inviting some faculty representatives and hall representatives, two non-councilor students were invited to be the member of UAC in order to balance the interest of all parties.
- 1.3 After the first discussion, the working direction was set as follows:
 - Centennial Campus
 - Students' Union Building Relocation
 - GPA system
 - U-Vision
- 1.4 The following will go through a detailed report of the working progress.

2. Centennial Campus / Students' Union Building Relocation

- 2.1 Centennial Campus project involves a wide range of areas, including the relocation of the Students' Union building, the construction of University Street, catering, the facilities in new campus, greening, etc.
- 2.2 The Union Council had discussed the building relocation. The members of University Affairs Committee has concerned about the latest development plan, including
 - the comparison the existing area of HKUSU and that after the relocation.
 - the internal structure of the new building

- the discussion for the SU canteen moving to Haking Wong Podium.
 - the discussion for the issue of catering during the project.
 - the comparison between the “covered area” before and after the construction of the project.
- 2.3 The members agreed that there should be a public consultation in September for all students before making decision for the relocation of SU building.
- 2.4 In addition, we also explored the internal structure of Learning Commons with special concerns for:
- the excessive openness of its internal seating arrangements
 - The lack of private space for group discussion
 - Auto-moving room door will not solve the problem of inadequate room space
 - Uncertain management and booking of auto-moving room doors
- 2.5 The members also agreed that the purpose of Learning Commons is to provide the major study, academic discussions, the meeting place for students in the future, in addition to giving space for student organizations to use, students should strive for the management of the building.
- 2.6 As the representative of the Working Group of Learning Commons within the Centennial Campus, after the collection of the views of all UAC members, all the views would be reflected to the school authorities to strive for the best interests of students.

3. GPA system

- 3.1 The University Affairs Committee has concerned about the unfairness of the GPA system, after discussion of UAC members, the entire problem can be divided into two parts, namely internal and external.
- 3.2 Internal parts:
- the average GPA is not uniform in HKU, such as the Faculties of Arts, Science and Law are of a relatively lower GPA
 - In the same faculty, there are also many differences between the departments and different programs

- Students cannot enjoy a fair chance to win scholarships and exchange
- GPA system does not effectively reflect the actual academic ability.

3.3 External parts:

- the average GPA of Hong Kong University students is lower than that of other local universities, needless to say the overseas universities
- impose a negative impact on summer internship program for students
- affect the further-study and employment opportunities of students after graduation

3.4 University Affairs Committee held a survey in April in order to raise the awareness of students of the GPA system.

Unfortunately, the number of feedbacks was only near 300 copies since the examination was approaching. Despite possible lack of persuasiveness, the school also indicated that they would address the GPA issue afterward.

3.5 After the 4th Curriculum Reform Retreat of HKU, the school authority agreed that the problem did exist, in addition to academically, there is considerable difference in the same faculty, the University of Hong Kong students GPA lower than other local universities. The University Affairs Committee put forward for discussion and research, including

- Norm-referenced and the Standards-referenced of the comparison of assessment methods
- the specific degree of Grade Descriptors
- University of Hong Kong and other local universities GPA Scale Comparison
- the feasibility of Semester Honours Award Classifications

3.6 As the school said the Standards-referenced assessment method is the future direction after the reform of 334, after the members' discussion, we considered that the current GPA system was mixing Norm-referenced and the Standards-referenced, so GPA cannot be effectively reflected the actual academic ability of students, while the school apparently intended to split the two to

become GPA as the standard reference and level of honor as a fixed reference, University Affairs Committee explored the semester honors class, hoping to reduce the negative impact on summer internship program to students.

4. U-Vision

- 4.1 Preparation work for U-Vision has been carried out for the past two years.
- 4.2 I have invited the representatives of Campus TV to attend the first meeting of UAC to understand the impact of U-Vision on Campus TV.
- 4.3 After the meeting, a condemning statement was issued by UAC to the school authorities for they have been ignoring the opinion of students as well as the lack of respect for Students' Union, due to not only the lack of public consultation for all students and a serious shortage of publicity work, but also requiring the appointment of Union Council representatives into the relevant committee, or not to provide relative information to students.
- 4.4 Members also raised at the meeting the concerns of U-Vision, including
 - the content of U-Vision and CTV may overlap so that the situation of wasting resources and impeding the development of Campus TV
 - U-Vision may consume large amounts of electricity, while the display may need to be changed regularly, and there is a conflict between the so-called environmental protection and sustainable concept of development
 - In the same space for multiple players points throughout the campus may cause noise pollution and disturbing the campus life for students
- 4.5 University Affairs Committee issued a proposal for U-Vision, including
 - To provide the latest information to the students' union so that we can convey the message to the wide range of students, and on behalf of the students to reflect more comments
 - To review its programming content, avoiding overlapping

- with the campus television programs and waste of resources
- Reduced by half the number of screens to reduce the impact of campus life for students
- 4.6 School authority has made a public response to this, but its response was just repeating the same arguments and did not explicitly accept our proposal.
- 4.7 U-Vision was originally introduced in September last year, but was delayed to this year's March-April.

5. Summary

- 5.1 The four working directions are all directly or indirectly related to the 334 reform.
- 5.2 The preparation made by the school's policy is of the most immediate impact of each student, as a student representative, we actually took the initiative to obtain the most favorable policy for students.
- 5.3 I would like to thank the members for their contribution to school and students, but also hope you all will continue to contribute to our universities.

Annual Report of
Union Elections Committee
Hong Kong University Students' Union Council
Session 2009

The Union Elections Committee, HKUSU Council (UEC) is used to conducting all elections defined by the Constitution and election for student seats in Faculty Boards. Five elections were conducted by UEC in this Session and three meetings were held.

1. Elections conducted by UEC

1.1 The Elections of Undergraduate Student Membership to the Boards of Faculties 2009

Date

The elections were held from 24th to 27th February, 2009.

Polling stations

Nine polling stations were set up:

- 1 Covered Area outside Main Library
- 2 Area outside Campus Services Centre
- 3 K. K. Leung Building Concourse
- 4 G/F, Chong Yuet Ming Amenities Centre
- 5 Area outside T2, Meng Wah Complex
- 6 Run Run Shaw Podium
- 7 Area outside Haking Wong Podium
- 8 Area outside Canteen on 7/F, Prince Philip Dental Hospital
- 9 Lobby of William Mong Man Wai Building, New Medical Complex

Evaluation

There was no big problem during the election days. However, there were a few candidates to be elected, since students do not know the function of the undergraduate student membership in the board of faculties.

Besides, the manpower of UEC was very limited, so we were not able to clean up the polling stations immediately after the election days. Some examination tables

disappeared after the election.

1.2 By-elections 2009

Date

The elections were held from 14th to 16th April, 2009

Polling stations

Eight polling stations were set up:

- 1 Covered Area outside Main Library
- 2 Area outside Campus Services Centre
- 3 K. K. Leung Building Concourse
- 4 G/F, Chong Yuet Ming Amenities Centre
- 5 Area outside T2, Meng Wah Complex
- 6 Run Run Shaw Podium
- 7 Area outside Haking Wong Podium
- 8 Lobby of William Mong Man Wai Building, New Medical Complex

Evaluation

There was no big problem during the election days. A central campaign was arranged before the election days, however, the candidates did not show up. I suggested that the Election Regulation should be amended in order to ensure that the candidates must be present at the central campaign.

Although one complain was received which was submitted by one of the candidates of Union Executive, the reasons seemed to be not sound enough to trigger an investigation.

1.3 Second By-election 2009

Date

The elections were held from 28th to 30th October, 2009

Polling stations

Nine polling stations were set up:

- 1 Covered Area outside Main Library
- 2 Area outside Campus Services Centre

- 3 K. K. Leung Building Concourse
- 4 G/F, Chong Yuet Ming Amenities Centre
- 5 Area outside T2, Meng Wah Complex
- 6 Run Run Shaw Podium
- 7 Area outside Haking Wong Podium
- 8 Area outside Canteen on 7/F, Prince Philip Dental Hospital
- 9 Lobby of William Mong Man Wai Building, New Medical Complex

Evaluation

No complain was received. However, the necessity of this By-election was discussed in both UEC and Council. Besides, due to conflict of interest, Tang Ming Chun replaced as the acting chairman of UEC during the process of the By-election.

1.4 Annual Elections 2010

Date

The elections were held from 2nd to 5th February, 2010

Polling station

Nine polling stations were set up:

- 1 Covered Area outside Main Library
- 2 Area outside Campus Services Centre
- 3 K. K. Leung Building Concourse
- 4 G/F, Chong Yuet Ming Amenities Centre
- 5 Area outside T2, Meng Wah Complex
- 6 Run Run Shaw Podium
- 7 Area outside Haking Wong Podium
- 8 Area outside Canteen on 7/F, Prince Philip Dental Hospital
- 9 Lobby of William Mong Man Wai Building, New Medical Complex

Evaluation

Due to conflict of interest, Lam Yi (EDSR) replaced as the acting chairman of UEC during the process of Annual Elections.

The behavior of the candidates was highly concerned, such as holding press conference without informing UEC beforehand and improper publication and

publicity.

The fake ballot papers were found in the ballot boxes during the vote counting process. Fortunately, the fake ballot papers were identified and did not affect the election result.

Also, the improper behavior of the election officer was found and investigated. At ECM 7, the election officer who made the mistake was regretted by the Council.

1.5 The Elections of Undergraduate Student Membership to the Boards of Faculties 2010

Date

The elections were held from 23rd to 26th February, 2010

Polling station

Nine polling stations were set up:

- 1 Covered Area outside Main Library
- 2 Area outside Campus Services Centre
- 3 K. K. Leung Building Concourse
- 4 G/F, Chong Yuet Ming Amenities Centre
- 5 Area outside T2, Meng Wah Complex
- 6 Run Run Shaw Podium
- 7 Area outside Haking Wong Podium
- 8 Area outside Canteen on 7/F, Prince Philip Dental Hospital
- 9 Lobby of William Mong Man Wai Building, New Medical Complex

Evaluation

General students did not know the purpose and function of the Undergraduate Student Membership to the Boards of Faculties. Besides, the publicity from the candidates was less than that in Annual Elections.

Central Campaign was difficult to arrange as there were eight parties, especially two were away from the main campus. However, campaign was held in the Social Sciences Society, HKUSU for the candidates in its faculty, which was a feasible way to replace the ineffective Central Campaign.

2. Meetings in UEC

There were three meetings in session 2009. The main agenda in those meetings were evaluating the previous elections and reviewing the Election Regulations of HKUSU and the Regulations Governing the Conduct of Election of Undergraduate Student Membership to the Boards of Faculties.

The format of Election Officer Attendance List and the design of polling station was evaluated and amended.

3. Reviewing the Election Regulation of HKUSU

After the discussion in the meetings of UEC, the Election Regulation of the HKUSU was revised in CM11 and 12, session 2009. Apart from the amendment on the documental format, the amendments of the regulation were listed as follows,

3.1 Differentiation of Union Elections Committee and Election Commission

3.2 Optimization of Central Campaign and Friendly Visit

3.3 Implanting of electoral subsidy

3.4 Establishment of criteria for holding By-elections

4. Reviewing the Regulations Governing the Conduct of Election of Undergraduate Student Membership to the Boards of Faculties

As the Undergraduate Student Membership to the Boards of Faculties has to elected annually, the elections for those posts would be held at the end of February according to the regulation. In order to resources and manpower, UEC recommend that two elections – Annual Elections and Election of Undergraduate Student Membership to the Boards of Faculties should be combined. Therefore, UEC proposed to amendments on the regulation, which was carried by the council. However, the amendments will not be effective unless approved by the University Council. Therefore, UEC urge that the coming member of University Council should seek for the approval of the University Council for those amendments.

LLB (IV)

Constitutional Duties

The Vice-President (External) shall assist the President in all his duties pertaining to external affairs and shall be responsible with the Current Affairs Secretary for promoting the interests and participation of the student body in social issues.

(IV) Introduction

The Union Session 2009 had been an eventful one. The Union witnessed a competitive and dramatic Executive Committee campaign, and within a few months the unprecedented dismissal of the President. In these times of uncertainty, it was my responsibility as the Vice-President (External) to take the leadership role in all external affairs of the Union.

Admittedly, this has been no easy task and the learning curve has been a steep one. I was no doubt blessed with the talents of my colleagues from the Executive Committee who have assisted me greatly during my term of office. The purpose of this report is to outline briefly the work done during this Session and to make any recommendations for the future.

(V) Fulfillment of Duties

E) June Fourth Commemoration

This year marks the 20th Anniversary of the June Fourth Massacre. Thus, this year June Fourth is one of the Students' Union's most focused agendas.

The HKUSU General Polling to Rectify the June Fourth Verdict

It was opined that a most effective way to raise the awareness of students and for them to voice out their stance was through an HKUSU General Polling on the stance regarding the rectification of the June 4th Verdict. The proposal to hold the General Polling on the Motion that “**The People's Republic of China Central People's**

Government must redress the 1989 Democratic Movement and bear responsibility for the Tiananmen Square Massacre” was unanimously passed at the second ordinary Council meeting. The General Polling was held on 14-16 April, and the said Motion was passed by an overwhelming majority vote of 92.56%, with 19.004% members voting.

June Fourth Commemoration Activities

In order to commemorate the Anniversary of the June Four Massacre and to promote the HKUSU General Polling, the Students’ Union organized various activities beginning from March.

Following the HKUSU tradition, the Union conducted the ‘Cleaning of the Pillar of Shame’ on 3 May in association with the Hong Kong Alliance In Support of Patriotic Democratic Movements of China. The repainting of the Swire Bridge Slogan, the annual event since 1996, was also successfully held on 3 June.

In addition, a discussion forum was held on the 9 April which attracted a very welcoming response. Fundraising sales, signature petitions, exhibition displays were also organized beginning from April. On the evening of 3 June, over 150 participants sat at Haking Wong Podium at the “Candlelight Vigil around the Pillar of Shame”, where former Executive Committee members and Alumni were invited to share and discuss about the June Fourth Massacre.

External Rallies and Events

The Executive Committee participated in various rallies and demonstrations, including those organized by the Hong Kong Alliance In Support of Patriotic Democratic Movements of China and the Hong Kong Federation of Students.

On 4 June, the Executive Committee arranged three coaches to facilitate students’ participation in the Candlelight Vigil at Victoria Park organised by the Alliance. Over 150 students attended the event with the Executive Committee.

Conclusion

In conclusion, I believe that the entire June Fourth campaign has been a successful one. Heated debate had been sparked on campus on the democracy walls and during discussion forums, and in general students have been much aware of the June Fourth Anniversary and willing to participate in its commemoration. The HKUSU has been able to express its stance and views clearly to the general public, through the overwhelming majority at the General Polling and via other various media platforms. It is hoped that this passion towards the rectification of the June Fourth verdict can be passed on to the later years, and I am certain that the HKUSU will not step backwards until such day June Fourth is vindicated.

F) Hong Kong Constitutional Reform: Pressing for Double Universal Suffrage

Democracy has always been a core value to the HKUSU. For more than 20 years, Hong Kong people have been striving for democracy, and the HKUSU has always been a part of this long campaign. By the end of 2009, the HKSAR government initiated the consultations for constitutional reform for the method of selection of the Chief Executive and members of the Legislative Council in 2012. I believe that this is a critical point in the long fight for universal suffrage in Hong Kong, and the Executive Committee had been much involved with the issue this year.

The July First March for Democracy

The HKUSU has annually participated in the July First March to press for democracy

in Hong Kong. This year, the Hong Kong Federation of Students was a co-organizer of the demonstration, and in order to facilitate the relevant tasks the establishment of the July 1st Working Group was proposed and approved at the Union Council.

The main objective was to publicise and promote the July 1st March to students and the general public. In association with the Hong Kong Federation of Students, the HKUSU was involved with many publicity events, including street Stations, signature petitions, rallies and promotions teams etc. (Please refer also to the Delegation to the Hong Kong Federation of Students Annual Report).

On 27 June, the HKUSU issued the Statement for the July 1st March (香港大學學生會七一宣言) which was published to the mass media. On 1 July, the Executive Committee participated in the March from Victoria Park to the Government Headquarters. Miss Jenny Ngai, External Affairs Secretary II (Acting) and myself were invited to head the march by the head banner.

To conclude, I believe the July First publicity has been satisfactory. Whilst the effectiveness of some of the publicity strategies may be doubted, it was encouraging throughout the campaigns to see responses of those willing to take initiative towards the fight for democracy.

Hong Kong Constitutional Reform: Public Consultations

Towards the end of 2009, constitutional reform has been an area of focus for external affairs of the Executive Committee. In response to the remarks made by the Chief Executive at the Policy Address in October, the Executive Committee issued the Statement Condemning Donald Tsang for Breaking Election Promises: Pressing for Double Universal Suffrage in 2012 and the Abolishment of Functional Constituencies (強烈譴責曾蔭權違背競選承諾及背叛港人：爭取 2012 雙普選並廢除功能組別) on 16 October 2009.

On 18 November 2009, the HKSAR Constitutional and Mainland Affairs Bureau published the Consultation Document on the Methods for Selecting the Chief Executive and for Forming the Legislative Council in 2012. The Executive Committee has been vocal in expressing the stance of the HKUSU during the Public Consultation period. One day after the Consultation Paper was issued; I proposed the motion to the Union Council demanding the abolishment of functional constituencies by the 2012 elections, which was passed without objection.

On the 1 January 2010, the Executive Committee participated in the New Year March

for Democracy, demanding democracy and double universal suffrage in 2012. The Executive Committee issued a written submission to the Constitutional and Mainland Affairs Bureau, reaffirming the firm stance of the HKUSU to press for double universal suffrage and the abolishment of functional constituencies by 2012. Miss Jenny Ngai, the External Affairs Secretary II (Acting), represented the HKUSU in the Public Consultation at the Legislative Council on 9 January 2010. On 15 January, I was invited to attend the Commercial Radio live programme 《政改下半場》 to express the views of the Union towards constitutional reform.

The Executive Committee has maintained dialogue with external bodies during the Consultation period (for instance meetings with Ms. Tanya Chan of the Civic Party and Mr. Cheung Man-Kwong of the Democratic Party). The maintenance of dialogue provided channels by which the views of the Students' Union may be exchanged with external bodies, and was important for possible coordination in social campaigns. There was also coordination with the Hong Kong Federation of Students on Constitutional Reform, including organising activities such as forums and rallies. (Please refer also to the Delegation to the Hong Kong Federation of Students Annual Report).

Conclusion

Hong Kong has yet to see the end of the long road towards democracy, and the coming constitutional reform is a critical juncture on this journey. During the past session, the Students' Union has endeavoured to push for democracy through various means, in light of the July First effort and the public consultations for constitutional reform. These efforts have been met with varying degrees of success. In the coming year, the HKSAR government will make its proposal for constitutional reform, and it is important that the Students' Union continues the long fight for democracy: our *right* which is long overdue.

G) Pressing for the Release of Liu Xiaobo

In the year 2009, we witnessed the arrest and prosecution of prominent Chinese dissident Liu Xiaobo, co-author of the "Charter 08", who was eventually sentenced for 11 years imprisonment. The Executive Committee has been appalled with Liu Xiaobo's detention and sentence, which was a political prosecution defying the cherished freedom of expression. As mentioned in my half-year report, the Union has issued a statement regarding the release of Liu Xiaobo, and has been involved with the demonstration pressing for his release co-organised by the China Human Rights Lawyer Concern Group.

On 23 September 2009, three months after the arrest of Liu Xiaobo, Miss Jenny Ngai, the External Affairs Secretary II (Acting) and I participated in the rally for the release of Liu Xiaobo and the abolishment of the crime of “inciting subversion of the state”. On the same day, the Executive Committee co-signed the statement “劉曉波被逮捕三個月 要求釋放劉曉波及其他獄中作家及廢除煽動顛覆國家政權罪”.

On 25 December 2009, Liu Xiaobo was sentenced to 11 years imprisonment. The Executive Committee co-signed a joint statement demanding his release and participated in a demonstration on 28 December. The Executive Committee also attended the "Release Liu Xiaobo" Candlelight Vigil outside the Legislative Council on 12 January 2010, and the subsequent rally supporting Legislative Councillor Lee Wah-ming's motion of "Releasing Liu Xiaobo" at the Legislative Council meeting on 13 January 2010.

Conclusion

In the end, the unfortunate reality is that Liu Xiaobo's final appeal against his sentence was dismissed on 11 February in Beijing. I take this opportunity to express my sincerest respect for Liu Xiaobo, and my deepest regret for his unjust imprisonment. I would also express my condemnation against the Chinese government in its suppression of the fundamental freedoms of its own people. It is my wish that the Students' Union will continue to voice out for the freedom of expression in China, and to press for the release of Liu Xiaobo and other political dissidents.

H) Human Rights Situation in China

As mentioned in the ‘Conclusions and Recommendations’ part in my Half-Yearly report, the human rights situation should be one of the focuses in the latter half of the session. Apart from the abovementioned campaign for the release of Liu Xiaobo, the Executive Committee was involved with other aspects pertaining to this broad agenda.

In September 2009, Xinjiang authorities used violence against Hong Kong journalists and publicly denied the violent incident. In response, the Executive Committee issued ‘Statement to Condemn the Shameless Xinjiang Authorities for the Violence and Lies’ on 9 September 2009. On 13 September 2009, the Executive Committee participated in the march initiated by the Hong Kong Journalists Association, to protest against false accusations made by the Xinjiang Authorities and express our

discontent towards the violations of the freedom of the press.

Later on 22 September, the Executive Committee successfully held the forum: 'Chinese Human Rights Lawyers under the Rule of Man'. Guests included Hon. Albert Ho Chun-yan (Chairperson, China Human Rights Lawyers Concern Group), Hon. Margaret Ng, Hon. Lee Cheuk-yan, Ms. Linda Wong Sui-hung, Professor Fu Hua-ling (Head, Department of Law) and Mr. Li Fanping, a Chinese human rights lawyer. The forum was very well received, and I am grateful to the guests for their participation: in particular to Mr. Li Fanping for coming to Hong Kong from the Mainland for the event.

On 1 October 2009, Miss Shing Hiu-yi, Vice-President (Internal), Miss Jenny Ngai, External Affairs Secretary II (Acting), Mr. Arthur Cheng, Administrative Secretary and Mr. Lam Sau-yin, Student Welfare Secretary (Acting) and I participated in the March for Human Rights in China organised by The Hong Kong Alliance in Support of Patriotic Democratic Movements of China. The route was from the Charter Road Pedestrian Area in Central to the Liaison Office of the Central People's Government in Hong Kong. This was one of the large-scale demonstrations with the primary demand for the improvement of human rights in China.

The Executive Committee issued the statement 'Condemning the Unlawful Imprisonment of Mr. Guo Quan: End all Flagrant Infringement on the Freedom of Expression in the Name of "Subversion of State Power"' on 18 October 2009. Mr. Guo Quan is a China Human Rights activist who published letters to Chinese leaders and advocated multi-party democracy in China. The Executive Committee condemns the Chinese government for suppressing the freedom of expression through prosecutions of political activists, and expresses deepest regret towards Mr. Guo Quan's imprisonment.

On 4 February 2010, Miss Jenny Ngai, External Affairs Secretary II (Acting) participated in the demonstration 'Find Gao Zhisheng!' outside the Central Government Liaison Office in Hong Kong to demand information about Mr. Gao's whereabouts. Mr. Gao Zhisheng, a Chinese Human Rights Lawyer, has disappeared for one year since he was taken from his home in Shaanbei (northern Shaanxi province) on 4 February 2009. The Executive Committee is deeply concerned about his whereabouts and wellbeing, and demands information about Mr. Gao from the relevant authorities.

Conclusion

During the last year, we witnessed a number of high-profile arrests and prosecutions by the Chinese government with a view to crackdown human rights activists in China. This is testament to the poor human rights situation in China, which unfortunately appears to be worsening. The Students' Union has been vocal in supporting the human rights activists in their ideals and their fight for change, and to them I would like to express my sincere respect. I would urge that the Students' Union in the future ought to put emphasis on the situation in China, and to continue to press for an improvement on its fundamental rights and freedoms.

I) The Anti-XRL Campaign

Towards the end of 2009, there was strong public opinion in Hong Kong against the HKSAR's plan to construct the Guangzhou-Shenzhen-Hong Kong Express Rail Link (XRL) at the cost of 66.9 billion Hong Kong Dollars. Many students in the University of Hong Kong shared such opinion, although the issue remained controversial. The Executive Committee was of the strong view that the XRL project under the current proposal left many unsettled problems, and until the problems are attended to the Committee would be opposed to the proposal.

The Executive Committee's involvement in the Anti-XRL campaign began on 18 October 2009, when Miss Jenny Ngai, External Affairs Secretary II (Acting) participated in the resistance campaign: "No to Relocation! No to Demolition! In Defence of our Home: 1000 Strong for Tsoi Yuen Tsuen". As the events unfolded, the focus of the Anti-XRL campaign shifted from Tsoi Yuen Tsuen, to other problems such as the placement of the XRL station and the cost of the project, and eventually to extended to a more general social movement pressing for the abolishment of functional constituencies in the Legislative Council.

On 8, 15 and 16 January, the Executive Committee rallied students of the University of Hong Kong to participate in the Anti-XRL campaign outside the Legislative Council. I was pleased to see the student participation improving after each successive Anti-XRL rally, and I was touched by the resolve by all who participated in the campaign. Although the funding for the XRL was eventually approved at the Legislative Council, I am confident that the Anti-XRL campaign was beneficial to social movement in Hong Kong in the long run.

J) Other Activities

The Executive Committee has also been concerned with other aspects of external

affairs, and these will not be elaborated on in detail. In particular, the Executive Committee has been concerned with the campaign for the release of Aung San Suu Kyi, the May Fourth Rally and the People's Radio Campaign etc. More detailed information on other activities may be found in the Monthly Reports issued by the Executive Committee.

(III) Conclusion and Recommendations

Overall, I am pleased with the work done relating to external affairs within my session. Student involvement in events and functions has been on the whole satisfactory, and the HKUSU has received much media attention and thus opportunities to express its stance and views.

As the Vice-President (External), I had the honour and privilege of acting as the representative to the HKUSU externally. I endeavoured to perform my duty cautiously, and by and large my aim to consolidate the external affairs had been achieved during my term. The objectives set from the beginning of my session and in the Half-Year report have also been largely satisfied. I have been privileged to be

part of the great legacy of the HKUSU, which has always been at the forefront of student movements voicing out as the social conscience.

However, external affairs naturally involve ongoing issues which must be passed on year-after-year. In particular, the Students' Union has been fighting for the vindication of June Fourth and democracy in Hong Kong for two decades, and still the fight must go on. It is regrettable that at the time of writing this report, there is current vacancy in the post of Vice-President (External), and indeed of other external Union Executives. I am however confident that these tasks will continue to be performed in the coming year by able successors inheriting this same legacy, which is part of the HKUSU.

There are remaining concerns. It has been said that the Students' Union is becoming detached from the students, and this does impact on their participation on external affairs. This phenomenon may also be descriptive across other tertiary institutions in Hong Kong, most notably highlighted in the recent 'post-80' movements. Some feel that the students and the youth today do not require 'student leadership' from student unions in participating in student movements anymore, especially given the effectiveness of the internet in organizing rallies and campaigns. This trend may jeopardize the development of Students' Union.

I do not intend to undermine the 'post-80' movements, but I believe their efforts are not mutually exclusive to the work of the students' union. The HKUSU enjoys a great tradition, and has the experience, resources and legitimacy to take the lead in student movements. The key is for the Students' Union to reconnect and familiarize itself with the students. The HKUSU and other student bodies (esp. the Hong Kong Federation of Students) have nothing to gain if they continue to give the impression that they are operating within an 'ivory tower', involving only with prolonged meetings and bureaucratic procedures.

There is also the issue of the politicization of the Students' Union, which has been a major talking point during my term. It is not difficult to hear criticisms from the students that the Students Union is 'very political'. From an external affairs perspective, the Students' Union *ought to be* 'political' in some sense, in order to express its views and concerns about the society and the government. However, within the Students' Union (esp. the Executive Committee), I would caution against 'politics' of the sort which threatens the interest of the Union as a whole. I am doubtful that the whole 'Ayo-LC-Windshields' saga in the past year has been

conducive to the interests of the Students' Union. Whilst I do not intend to criticize any of the parties, in future it is worthwhile to 'stop and pause', and realize that we are all classmates, and not rival politicians. Genuine compromises may sometimes have to be made, and this involves more than mere slogans and sound-bites. After all, if the Students' Union cannot unite, it cannot function as a leader of the student body; and surely cannot flourish externally.

To me, the past year has been truly special. I have seen and learnt so much from my experience, and have had the opportunity of meeting and working with extremely talented and interesting people both internally and externally. In performing my duties in external affairs, I had been touched by those who have contributed so much, for little more than a dream or an ideal. Special tribute goes to those who have paid a price as a result of June Fourth, Mr. Liu Xiao Bo who will spend the next 11 years in prison, and others who have sacrificed for the pursuing our core values. They will not be forgotten. I was also touched by the 150,000 candlelights at Victoria Park, and by those who go on marches, rallies and hunger strikes, in order to make Hong Kong a better place. It is thus with great humility that I have participated in these social moments, and been part of the ranks of many great people.

In the end, I express my heartfelt thanks to all who have contributed to and participated in external affairs during my term: they have all been an inspiration to me. I would like also to extend my sincerest gratitude to my colleagues of the Executive Committee, in particular to those who have put in much effort into the external affairs of the Union. I am truly indebted to my colleagues for their assistance and understanding. It is my wish that the Students' Union can in future continue its proud tradition, passing on the torch from its predecessors. Bless HKUSU forever.

Annual Report of General secretary
Hong Kong University Students' Union
Session 2009

Dear councillors,

After the whole Union session 2009, I am glad to tell you that I have done plenty of jobs as the general secretary of the Hong Kong University Students' Union. This report would state the jobs that I have done and I would like to give some recommendation for the coming Union Executives.

1. Constitution Review Committee (CRC)
 - i. As the member of CRC, I have attended most of the meetings. However, the most jobs that have done by CRC were looking into the amendments of the constitutions of affiliated organization.
 - ii. However, after the general polling and the issues of International Student Association and AIESEC-LC-HKU, there is an imperative need to review the Union Constitution in order to fix its loophole.
 - iii. Constitution of all sub-organisms in the Union should be collected in order to keep a good documentary record for the Union.
2. Union Elections Committee (UEC)
 - 2.1. As the chairman of UEC, I held three meetings in this Union session. the meetings focused on evaluation of the previous elections and the reviewing the Election Regulations of the Union and The the Regulations Governing the Conduct of Election of Undergraduate Student Membership to the Boards of Faculties.
 - 2.2 The Elections of Undergraduates Student Membership to Boards of Faculties and By-elections 2009
 - i. The elections were carried out without large problem. However, there are still vaccines in some Boards of Faculties.
 - ii. In the first elections of Undergraduates Student Membership to Boards of Faculties, many candidates were defeated due to the low turnout rate. Same as previous years, the main reason is our students

do not really know the use of the boards of faculties and lack of publicity. During the By-Election, apart from binding with the first general polling, more intense publicity by each candidate was the key point for the candidates to be elected. Therefore, I suggest that the Undergraduates Student Members in Boards of Faculties should report their working process to the student, so that students know the importance of the student representatives.

2.3 By-elections 2009

One written complain was received. However, after the investigation, the complain was turned down.

2.4 Second By-election 2009

The necessity of holding a subsequent by-election was questioned.

2.5 The Elections of Undergraduate Student Membership to the Boards of Faculties 2010

- i. The publicity from the candidates was less than that in last year. Besides, the function and purpose of having an undergraduate student representative in the Boards of Faculties should be promoted in order to raise the turnout rate.

2.6. During this session, the Election Regulations of the HKUSU was revised in CM11 and 12, while the Regulations Governing the Conduct of Election of Undergraduate Student Membership to the Boards of Faculties was revised in CM 12.

3. University Affairs Committee (UAC)

- i. As the member of UAC, I have attended most of the meetings.
- ii. The role of UAC should be clearly defined, otherwise, the working efficiency of UAC cannot be maximized. However, in the last semester, UAC had very few meetings.

4. Committee on Catering

- i. As the member of the Committee on Catering, Working Group on Tendering Exercise for the Ho Tim Hall Restaurant and Working Group on Tendering Exercise on FSCAC Restaurant, I have actively expressed my

opinion at the meetings. Besides, I have attended the Consumer Group meeting on Bayview Restaurant and four regular meetings of the Committee on Catering.

- ii. More consultations should be arranged and some follow up work can be carried out, such as distributing some questionnaire to the students before having meetings.
5. Curriculum Reform Retreat 2009
- i. Taking Part in Curriculum Reform Retreat 2009, I represent the point of view from students.
 - ii. Induction programme is similar to our orientation programme, therefore, we should keep a eye on the process of the induction programme to prevent from Cedars taking over our roles on welcoming the freshmen.
6. Orientation Affairs Committee (OAC)
- i. As the member of OAC, I have attended most of the meetings.
7. Orientation Guide
- i. I have taken part in editorial group of the Orientation Guide.
8. Sustainability Committee
- i. I have attended the regular meetings and expressed our views on sustainability.

Best regards,

The relevant projects done:

U Vision

Members of:

- Committee on U Vision
- Content management working group
- Terms of use and guideline drafting working group

Initially school's department has refused to provide information related to the details and locations related to the project. However, their attitude changed after a condemning statement has been approved and issued by HKUSU Council.

U vision has been launched in early March. In the future, it will create a direct competition to the CTV. What I have done in the content working group and the guideline drafting working group was aiming to reduce the direct competitiveness between them.

Tree protection policies

- Organized forum discussing the present tree policies
- Inquired the school for the information about their usual practices concerning tree protection and prepared for the report disclosing information to other students.

After happy tree was cut down, many students have raised concern that whether the school has done enough to protect the trees inside the campus. Although the school department in charge has refused to disclose any information initially, it finally

cooperated and showed up in the forum.

Others duties:

University Committees

Member of:

- Committee on Catering
- Committee on Amenities
- Committee on Students' Affairs
- Committee on discipline
- Selection panel of Outstanding Teaching Award
- Learning Commons working Group

Duties of the each committee/ working group are quite different and some of them are ad hoc. Some committees' duties are relevant to Centennial Campus Development project and therefore I had assisted IVP for some work about Centennial Campus.

According to the constitution, UAS is responsible for promoting university affairs. However, I found out that, it hard to promote UA, which is not something entertaining, after all. Not many students will spend time reading those reports and voice their opinions. Lastly, I have to apologize for the inconvenience caused during my exchange leave. Other HKUSU secretaries have substituted me for the meetings. I wholeheartedly thank for their helpfulness.

2. University Affairs

2.1 University Governance Committees

Balancing the interests of all parties was my primary concern when appointments of various committee seats were made, this is to ensure the participation of students, both councilors and non-councilors, from different faculties, and to maintain their equal opportunities for being involved in University policies. In addition to proposing and seconding the mentioned committee seats, I have also joined the following committees:

For these committees were run on regular basis with comprehensive tasks, details are not to be stressed here.

2.2 4th Curriculum Reform Retreat

I have been participating the fourth Curriculum Reform Retreat where the content includes:

- Result of HKU Students' Learning Experience Questionnaires

- First Year Learning Experience
- Assessment Methods

While opinions were voiced by student representatives, table-based communications were vital since students enjoyed direct exchange of opinion with staff and representatives from different departments, such interaction could hopefully fostered the reform of relevant curriculum.

2.3 Centennial Campus and University Street

The Centennial Campus construction is massively influential to the University including its plan to build the University Street as well as the relocation of the Union Building to TIIB. Issues on catering, greening and campus facilities are equally important. Relevant discussion had been arranged in the Union Council. In addition, I have been participating the following:

- Working Group on Amenities, Centennial Campus Project

With my personal participation, opinions were voiced to the University, participations in relevant meetings and site-visits were also conducted by other executive members of the Union for updates.

3. Union Affairs

3.1 Chairman, University Affairs Committee, HKUSU Council

As the chairman I have held a preparatory meeting as well as other two regular meetings. All undergraduate students were invited to join various University Governance Committees through means of mass e-mail. This was done because of the ensured equal opportunities for all students to take part in formulating policies. As a result, two non-councilor students were appointed in relevant committees in addition to other representatives of faculties and halls. The working direction was settled as follows:

- Centennial Campus
- Students' Union Relocation
- GPA System
- U-Vision

Please refer to the Annual Report of UAC, HKUSU Council Session 2009 for details.

3.2 Member, Current Affairs Committee, HKUSU Council

I have been actively involved in discussions on current issues beside University affairs. Except declarations were approved, within this committee relevant discussions were conducted including ways to promote awareness on the June 4 issue as well as July 1 March. Possible publications were explored and please refer to the concerned Annual Report for details.

3.3 Information Day, HKU

I was primarily responsible for the Zone One where new students were led to registration counters together with relevant information being provided. It was my duty to ensure that the record cards of new students were remarked and all concerned information of the Union should have been provided.

4. External Affairs

4.1 Student Representative of HKU

In addition to University affairs and Union affairs, I have also been involving, through being the student representative of the school, in the following organizations where University affairs are concerned:

- Joint Committee on Student Finance, HKSAR Government
- Customers Liaison Group, JCSF, HKSAR Government
- University Grants Committee

The JCSF is responsible for, concerning TSFS and NLS assistance schemes, providing opinions and reviewing the government policies with the target that the above schemes were running by its purpose based on social needs. In addition, I have also taken part in the Customers Liaison Group under the JCSF where a hundred of student applicants of various assistance schemes were invited to two meetings and expressed their views on the grant and loan policies.

The Agency is going to review her policy on the Non-means tested assistance scheme with opinions of public being considered, which includes the voice of student groups within the JCSF itself. It is of our student consensus that the 1.5% additional risk rate should be cancelled and to

alleviate the burden of applicants, this must be done with the cancellation of interest-accumulation amid periods of studies. It is urged that the Agency shall consider the repayment scale with proportion to the income ability of individual applicants.

I had also participated in the University Grants Committee with emphasis on 3-3-4 Curriculum Reform, Internationalization, Academic Research as well as Program Qualities.

4.2 Hong Kong Federation of Students

Joining the Vice-President (Internal) and the HKFS, I had been to the Government Headquarter and met the relevant officials from both the Education Bureau and the Student Financial Assistance Agency for urges to reform the student financial assistance system, review the current income-expenditure assessment methods for financial assistances, cancel the additional risk rate of student loans, oppose establishment of student finance creditability date-base, oppose the Graduate Internship scheme within the government financial budget and support proper naming of the Hong Kong Institute of Education.

(I) INTRODUCTION

Undeniably, it has been an extremely eventful year for the Students' Union. From the initial re-election to the unprecedented general polling to dismiss the President, to the recent annual elections, the Union has encountered challenges previously unimagined.

For the external stream, the year of 2009 was equally eventful and filled with challenges. Founded on the core values of human rights, freedom, democracy and the rule of law, both locally and internationally, the external stream has put ample emphasis in its agenda on the commemoration of the 20th anniversary of the June Fourth Massacre, the fight for democracy for Hong Kong, as well as the human rights situation in mainland China.

In this report, I wish to outline and reflect on the works of the external stream of the past year, which I hope would be of guidance for the Union's external commitments in future.

(II) FULFILLMENT OF DUTIES

A. June Fourth Commemoration

Introduction

This year marks the 20th Anniversary of the June Fourth Massacre. Thus, the commemoration of the Massacre has been the one of the Students' Union's most focused agendas. The Union launched a two-month long campaign aiming at

raising awareness, and creating a platform for open dialog, while pressing for the rectification of the Verdict on the Massacre, which is the official stance of the Executive Committee of Session 2009. The awareness campaign was intended to target not only at the student body but also, the society at large.

As most freshmen of 2009 were born in 1989, the year of the Massacre, 2009 is believed to be the opportune year for the Union to involve the student body as extensively as possible in the June Fourth agenda, before that part of history lies totally beyond the living memory of the generations to come.

The Union's external commitments included demonstrations, marches and the annual candlelight vigil at Victoria Park. We believe that our extensive and frequent interactions with the general public have further raised awareness among the Hong Kong people and mobilised their support for the 20th Anniversary Commemoration.

On-Campus Events

The HKUSU General Polling to Rectify the June Fourth Verdict

It was suggested that the most direct and effective way of reaffirming and proclaiming the stance of the Union on rectifying the June Fourth Verdict for the years to come would be by the HKUSU General Polling, which would not only determine the permanent stance of the Union, but also enable all the Union members to take part in the agenda by voicing out their stance.

Vice-President (External) Martin Kok, Vice-President (Internal) Shing Hiu Yi and myself proposed to the HKUSU Council to hold a General Polling to Rectify the June Fourth Verdict: Voicing out in the name of Justice and Truth. The motion was: **‘The Central People’s Government of the People’s Republic of China must vindicate the 1989 Democratic Movement, and be held accountable for the June Fourth Massacre’** (「中華人民共和國中央人民政府必須平反八九民運，並就六四屠城負上責任。」) at the second ordinary Council meeting of HKUSU Council Session 2009. The proposal was unanimously passed by the Council at the second ordinary Council meeting.

Upon the passage of this proposal, the passage of the General Polling has come to be the first and foremost objective of the Union's June Fourth campaign. To this end, the Executive Committee held a series of functions starting from early April. These functions include fundraising sale for Tiananmen Mothers, signature petition on the June Fourth Banner, film screening, displays, a forum, etc

The board outside the Union Office was also turned into an information board titled '20th anniversary of the 1989 Democratic Movement' Feature board display'. and was updated daily. June Fourth related information, contemporaneous and newest news clippings were displayed and updated daily. It was also proved to be a very effective means of promoting the cause of June Fourth. Publicity was intensive and extensive. The events were not only publicized through posters, banners and mass emails, but also through an ongoing facebook campaign. The counters stationed outside the main library and on Haking Wong Podium the during the polling dates, with film screening, display boards, fundraising sale and donations for Tiananmen Mothers and banner signing were also highly effective. Heated debates continued in different mass media as well as on the Union democracy wall, the popularity of which was unprecedented.

At the General Polling held on 14-16 April 2009, the motion was passed by an overwhelming majority vote of 92.56%, with 19.004% members voting. The extensive media coverage also captured the general public's attention and led to wider discussions of June Fourth on its 20th anniversary. Although the turnout rate was not extremely great, it was indeed a momentous moment for both the history of HKUSU and a heartening footnote in the history of the June Fourth Massacre. "Twenty years on from Tiananmen, the students of the University of Hong Kong have not forgotten," the Executive Committee wrote in its statement.

June Fourth Forum: 「從未看見的歷史，說(不)下去的故事 — 八九後的一代能薪火相傳嗎？」

The Forum was held at Happy Park at the University on 9 April 2009. The guest speakers included Hon. Mr. Longhair Leung Kwok-hung, Hon. Mr. Lee Cheuk-yan, Ms. Helena Kwong from Tiananmen Mothers Campaign, Hon. Mr. Alan Leong, SC and Mr. Ching Cheong, moderated by Ms. Gloria Chang. It attracted a substantial amount of audience and was well received. Active exchanges of diversified views from the audience and speakers of different backgrounds have contributed to a constructive discourse. Covered extensively by both printed and audiovisual media, the Forum also succeeded in creating an open platform for discussion and promoting the upcoming General Polling on June Fourth, both among the student body and in the society at large.

Cleaning of the Pillar of Shame

The Union conducted the 'Cleaning of the Pillar of Shame' in the morning of 3 May as one of the Union's traditional commemoration events. It was joined by students

of HKU as well as members of the Hong Kong Federation of Students and the Hong Kong Alliance in Support of Patriotic Democratic Movements. After the cleaning, we joined in the demonstration to the Liaison Office, carrying with us the statue of the goddess of democracy as a symbol of our demand for democracy in China. Both events received media coverage.

Repainting of the Swire Bridge Slogan & “Statement on the 20th Anniversary of the June Fourth Massacre”

The Union organised the “Repainting of the Swire Bridge Slogan” on 3 June, as the annual commemoration event since 1996. Over 40 students participated in the event. To this end, the Committee produced a T-shirt captioned ‘vindicating June Fourth’, all of which were sold out shortly. The Executive Committee read out and issued the “Statement on the 20th Anniversary of the June Fourth Massacre” on the same day. There was much mass media coverage, including foreign media, signaling that after two decades society and the world at large were especially concerned with today’s students’ view on the Massacre and no less the question of ‘passing on the torch’ on the road to vindication. I believe the students’ dedicated participation has already answered the latter question in the affirmative. Unless and until the day when the June Fourth Verdict is vindicated and when justice is done, the Swire Bridge Slogan should continue to be repainted as a vivid reminder: lest we forget.

Candlelight Vigil around the Pillar of Shame

On 3 June 2009, the Union organised the “Candlelight Vigil around the Pillar of Shame”, one night before the annual Vigil at Victoria Park. Targeted mainly at HKU students and graduates, the relatively intimate setting of the on-campus Vigil was a new trial event intended to create a more relaxing atmosphere for commemoration and casual sharing. Former Executive Committee members from year 1989 to 2001, Alumni and the two sons of Jens Galschiøt, the Danish sculptor of the Pillar of Shame who was refused entry to Hong Kong, were invited to share their personal views and experiences on the Massacre, HKU students’ participation in the past, as well as the history of the Pillar of Shame. The Vigil attracted over 150 participants and was covered in the mass media.

External Events

Demonstrations and Marches

On 5 March 2009, the Executive Committee took part in the Petition for “Redress of the 1989 democratic movement and the ratification of the International Covenant on Civil and Political Rights” organized by The Hong Kong Alliance in Support of Patriotic Democratic Movements of China (“The Hong Kong Alliance”). The march ended at the Liaison Office of the Central People's Government in the HKSAR (“The Liaison Office”).

On 26 April 2009, Mr. Martin Kok, Vice-President (External) and myself participated in a further demonstration to the Liaison Office organised by the Hong Kong Alliance, commemorating the June Fourth Massacre and pressing for a vindication of the Verdict.

On 23 May 2009, the Executive Committee participated in the Hong Kong Federation of Students (“HKFS”) March from Shue Yan University to Xinhua News Agency, Wanchai. The expressed demands included the vindication of the June Fourth verdict and the 1989 Democratic Movement, as well as the building of a democratic China.

On 31 May 2009, the Executive Committee participated in the ‘March for Patriotism and Democracy’ organised by the Hong Kong Alliance. Starting at Victoria Park and ending at the Government Headquarters, we demanded the vindication of the June Fourth verdict and 1989 Democratic Movement and showed the support for Patriotic Democratic Movements in China. Joined by thousands others, the March turned out to be the biggest in recent years.

Candlelight Vigil for the 20th Anniversary of June Fourth at Victoria Park

The Executive Committee publicised and made specific transportation arrangements to facilitate students’ participation in the Candlelight Vigil for the 20th Anniversary of June Fourth organised by the Alliance at Victoria Park on 4 June evening. Over 150 Union members joined the Vigil. The Union banner, covered in over 200 signatures collected on campus, were burnt at the Vigil in condolences of the June Fourth victims. Joined by hundreds of thousands of Hong Kong people, the Vigil was reported to be the biggest since 1990, with 200,000 participants, some 50,000 of which could barely squeeze in the jogging area outside the Park. This has come to be another heartening page of the June Fourth chapter in the history of Hong Kong.

Conclusion

After all, I am very pleased with the Union's work on the commemoration of the 20th Anniversary of the June Fourth Massacre. The 20th year was a hurdle to pass. We HKU students have not only overcome it in great height, we have also made it our moment of history and pride.

Although the General Polling to Rectify the June Fourth Verdict which has aroused society-wide controversies as to its necessity and cost-effectiveness, the university students of Hong Kong have voiced out loud and clear to the world for justice and truth – not only with their votes, but also by stepping out together with hundreds of thousands others in the wider society.

It may also be said that the expressed views of Mr. Donald Tsang, the Chief Executive and of Mr. Ayo Chan, the former President, as well as his subsequent dismissal by the General Polling, have also contributed to the June Fourth agenda, albeit indirectly. All in all, it has been truly heartening to see that twenty years on, we HKU students

still care – however many or few we are – and we are still willing to stand up for what we believe is right.

Among other things, I was most impressed and moved by outspokenness of students from mainland China and their passion for a better China and the vindication of the June Fourth Verdict, at the vigil around the Pillar of Shame. This has made a profound impact on me and has sent a very strong message to us young generations of Hong Kong: while we enjoy the freedom to openly discuss and commemorate the June Fourth Massacre here in Hong Kong, exclusively in China, we bear the responsibility to defend and exercise it fully, in our continued fight for the vindication of the June Fourth Verdict. After all, the rights and freedoms we now enjoy in Hong Kong are, in a sense, built on the lives and blood of those who sacrificed at the Massacre in Beijing 20 years ago. It is hoped that the tradition of commemoration and history education of June Fourth will be carried onto the next generations of Chinese, until truth and justice see the light of day. To this end, the Hong Kong people have an indispensable role to play.

On the night of 4 June, I was particularly moved by the 200,000 strong candlelight in Victoria Park, as much as by the numerous unnamed individuals from the mainland who, have their own ways of commemorating the anniversary, even though cognizant of possible repercussions and repression from the authorities back home. While feeling fortunate to be in Hong Kong, the only place on the Chinese soil where June Fourth can be openly commemorated, I could not help but find the Hong Kong Immigration entry ban on Mr. Galschiøt equally deplorable and shameful.

Therefore, with new waves of agenda flooding in as the years go by, it is of utmost importance that the weight of the June Fourth agenda must not be extinguished upon the passage of 4 June 2009. In a sense, June Fourth is not yet history. It is still happening. The Tiananmen Mothers are still subject to stringent supervision and prohibited from public commemoration of their lost loved ones, just as many former participants in the 1989 protests are still being repressed and persecuted, for June Fourth still remains the top taboo in the mainland ever since and stringent censorship are still in place.

It is hoped that to press for the vindication of the June Fourth Verdict will always remain the main focus of the external stream of the Union, as much as it is in the pursuit of human rights, freedom, democracy and the rule of law in both Hong Kong and China. This should not hang merely on the technicality of its being the permanent stance of the Union after the General Polling, but most crucially, it ought

to stick to every one of our hearts. Set out to be ‘the conscience of society’, we have not forgotten, and we are never to forget.

B. Hong Kong Constitutional Reform: Pressing for Double Universal Suffrage

Introduction

The past 12 years after the Handover has seen the catastrophic consequences of the lack of government accountability. Taking on a proactive role in pursuing democracy and defending fundamental rights and freedoms, the Executive Committee is gravely concerned that the right of Hong Kong citizens to equal and universal suffrage guaranteed under the Basic Law remains an elusive one and thus insists on pressing for double universal suffrage by 2012.

To this end, both the HKUSU and the HKFS initiated a series of publicity campaign promote public participation in the July First March and the January First March, in both of which the demand for double universal suffrage by 2012 was made one of the top agenda.

Furthermore, the Union actively engaged itself in communicating its stance and views to a wider range of audience, such as through meeting with Legislators, making submissions at the Legislative Council, and participation in a HKFS street forum.

Promoting the July First March with the HKFS and within HKU

On 14 June, Mr. Martin Kok, Vice-President (External) and myself participated in a HKFS street station outside Kwai Fong MTR station promoting the July First March. Leaflets were distributed to passers-by, who were then invited to write down their views and concerns to the government on pieces of paper. Some have expressed their grievances towards the government and support for the March.

On 20 June, Mr. Martin Kok, Vice-President (External) and myself, along with representatives of the Hong Kong Shue Yan University Students’ Union operated a street signing station in Tai Koo, as part of the HKFS promotion campaign for the July First March. Leaflets were distributed to passers-by, who were then invited to sign the petition for Universal Suffrage. The response was good and more than 100 signatures were collected.

On 21 June, Mr. Martin Kok, Vice-President (External) and myself participated in the ‘HKFS Promotion Team for the July First March’. The team marched from Victoria Park to the Hong Kong Government House, stopping at different points to promote

the July First March among the general public. Despite little tension at Government House, the March was generally smooth and has fulfilled its purpose.

On 27 June 2009, the Executive Committee issued the statement ‘For Human Rights, Democracy and Double Universal Suffrage –HKUSU Statement for the July 1st March’ (保障人權 推動民主 落實雙普選－香港大學學生會七一宣言) to the mass media and to students to mobilise support for the March.

On 28 June 2009, Mr. Martin Kok, Vice-President (External) and myself attended the ‘Mobilise for the July First March’ Evening organised by the HKFS in the pedestrian zone outside SOGO, Causeway Bay. Featuring music and dance performances by HKFS members, legislative councillors, district councilors and politicians, it successfully caught passers-by and shoppers’ attention.

July First March for Universal Suffrage

On 1 July 2009, members of the Executive Committee participated in the July First March for Universal Suffrage organized by the Civil Human Rights Front, to press for Double Universal Suffrage in 2012 and the abolishment of Functional Constituencies. Mr Martin Kok, Vice-President (External) and myself were among the invited to head the March with the leading rally banner, whereas other executive committee members led the HKFS and the HKUSU groups respectively.

Statement Condemning Donald Tsang following his Policy Address

On 16 October 2009, in response to the Chief Executive’s Policy Address, the Executive Committee issued the statement: Statement Condemning Donald Tsang for Breaking Election Promises: Pressing for Double Universal Suffrage in 2012 and the Abolishment of Functional Constituencies’ (強烈譴責曾蔭權違背競選承諾及背叛港人：爭取 2012 雙普選並廢除功能組別), deploring Mr. Tsang for his lack of genuine commitment and undertaking towards implementing universal suffrage, while reiterating the Union’s stance in calling for double universal suffrage in 2012.

Meeting with the then-Legislator Ms. Tanya Chan

On 10 November 2009, members of the Executive Committee were invited to a discussion session on universal suffrage with Ms. Tanya Chan, the then-legislator, to exchange our views on the implementation of universal suffrage and possible campaign tactics in light of the constitutional reform.

HKUSU Council Resolution Demanding Universal Suffrage and the Abolishment of Functional Constituencies by 2012

At the tenth Council Meeting on 19 November 2009, upon the Executive Committee's proposal, the following motion was passed unanimously: 'To demand the HKSAR government to implement universal suffrage for the 2012 Legislative Council elections, and to abolish all functional constituencies seats by the 2012 elections' (強烈要求香港特別行政區政府於二零一二年度立法會選舉落實全面普選，及不遲於二零一二年度選舉全面廢除功能組別議席). Press statements concerning the same were issued on the same day, reiterating the firm stance of the HKUSU in pressing for universal suffrage free of any form of functional constituencies by 2012.

HKFS Forum on the Constitutional Reform

On 28 November 2009, Mr. Martin Kok and myself attended the HKFS street forum on the constitutional reform, where speakers included the Honourable Mr. Cheung Man-kwong, Mr. Chan Ka-lok, Associate Professor, Department of Government and International Studies, Hong Kong Baptist University and Mr. Kwok Wing-kin, Vice-Chairman of the HKFS Council.

January First March

On 1 January 2010, fellow Executive Committee members and myself joined the masses in the March for Democracy organized by Power for Democracy and pan-democrats legislators, from the Chater Road Pedestrian Area in Central to the Liaison Office of the Central People's Government in Hong Kong (the 'Liaison Office'). The implementation of 2012 double universal suffrage, the abolition of functional constituencies and the immediate release of Mr. Liu Xiaobo were among our major demands.

Unlike the previous January First Marches to the Government Headquarters, the end-point of this year's march was the Liaison Office. This shift in focus reflected the people hopelessness and discontent towards the apparent fact that the universal suffrage issue has fallen out of the hands of the Hong Kong people. However, the demonstration route was restricted by the police on the day such that most of the participants were prevented from approaching the Liaison Office.

Presentation to the Panel on Constitutional Affairs of the Legislative Council

On 9 January 2009, on behalf of HKUSU, I attended the Special Meeting of the Panel on Constitutional Affairs of the Legislative Council to present the stance and demands of the Union for double universal suffrage and the abolition of all forms of functional

constituencies by 2012. The presentation was greeted with support as well as inquiries from various legislators, and attracted considerable media coverage.

Conclusion

On 1 July 2003, over 500,000 of us Hong Kong people took it to the street and successfully pressed for the withdrawal of the Article 23 Bill. A few years on, the sense of unity, dedication and enthusiasm in the people have faded considerably, and is now replaced by the so-called political apathy or 'preference for harmony and stability'. We may believe in the power of the people; but that is not enough, unless we care.

It is undisputable that the democratic progress in Hong Kong under the 'One Country, Two Systems' is not very optimistic. One only needs to recall Mr. Donald Tsang's claim that it would be *ultra vires* for him to deal with reform proposals for 2017 and onward, and the recurrent 'official' or 'authoritative' view that Hong Kong's 'universal suffrage' would not necessarily be free of functional constituencies. Further, it can be discerned from these deferment tactics and games of words a deliberate attempt to *prepare* the Hong Kong people for a pseudo-'universal suffrage' ultimately. Yet our constitutional rights are here for us to defend.

Indeed, the road to true democracy is a long and winding one, on which silence and inaction will take us nowhere. We have voiced out, and we shall be heard. We have marched year after year, and we shall march on.

C. Human Rights and the Rule of Law in Mainland China

Introduction

Regrettably, the 60th year of the establishment of the Chinese Communist Party leadership has witnessed a drastically high number of grave human rights violations in the mainland. These are manifested in the high-profile and widely reported harassments, arrests, detentions or displacements of dissidents such as Mr. Liu Xiaobo, Mr. Gao Zhisheng, Mr. Guo Quan, Mr. Tan Zuoren and outspoken activists for the Charter '08, all of which are, sadly, only the tips of the iceberg.

Throughout the past year, the Executive Committee has been gravely disturbed by the deteriorating human rights situation in mainland China, and has worked on and responded to the high-profile, ongoing cases of violations and those of most symbolic significance. From hindsight, it can be seen that the mostly touched upon issues are the freedom of expression, the freedom of the press, the freedom from arbitrary arrest and detention, which, sadly, are but few of the fundamental rights expressly guaranteed under the PRC Constitution.

'Statement to Condemn the Shameless Xinjiang Authorities for the Violence and Lies' and March 「強烈譴責新疆當局無恥濫用武力及捏造事實」聲明及遊行

On 9 September 2009, the Executive Committee issued the above-captioned statement in response to the Xinjiang Authorities' use of violence against Hong Kong journalists and their subsequent denial. On 13 September 2009, Mr. Martin Kok and myself participated, through the HKFS, in the march initiated by the Hong Kong Journalists Association, to protest against false accusations made by the Xinjiang Authorities and express our discontent towards the violations of the freedom of the press and the Hong Kong media.

Forum: 'Chinese Human Rights Lawyers under the Rule of Man' (「沒有法治 只有人治 — 中國維權律師還可以做什麼？」)

On 22 September 2009, the forum: 'Chinese Human Rights Lawyers under the Rule of Man' was successfully held. Guest speakers included Hon. Albert Ho Chun-yan (Chairperson, China Human Rights Lawyers Concern Group), Hon. Margaret Ng, Hon. Lee Cheuk-yan, Professor Fu Hua-ling (Head, Department of Law) and a Chinese human rights lawyer, and the moderator was Ms. Linda Wong Sui-hung. Among the audience were also human rights lawyers and activists from the mainland. There were insightful sharing from the speakers on (the lack of) the rule of law and the difficult situations facing human rights lawyers in the mainland.

Find Gao Zhisheng! Campaign (尋找高智晟)

On 4 February 2009, Beijing human rights lawyer Gao Zhisheng's disappeared from his home in Shaanbei. On 4 February 2010, one year after Mr. Gao's disappearance, I joined the demonstration to the Central Government Liaison Office, organized by the Chinese Human Rights Lawyers Concern Group, to demand information about Mr. Gao's whereabouts – in response to the Ministry of Foreign Affairs spokesman's saying that "He is where he should be" in answering media enquiries about Mr. Gao's whereabouts.

October First March for Human Rights in China

On 1 October 2009, the Executive Committee participated in the March for Human Rights in China organised by The Alliance from Chater Road to the Liaison Office. Black ribbons as well as red and white roses were tied on the entrance gate of the Liaison office, to express our condolences for the deteriorating human right situation as well as wishes and reverence for the Tiananmen Mothers and other human rights defenders in the PRC.

Condemning the arbitrary arrest and detention of Mr. Liu Xiaobo and other dissidents

One of the co-authors of the Chater '08, scholar Mr. Liu Xiaobo was detained since 8 December 2008 and arrested on 23 June 2009 for "alleged agitation activities" aimed at "subversion of the state and overthrowing the country's socialist system". The Executive Committee has followed the case closely and repeatedly expressed its condemnation on the total defiance of human rights and the rule of law.

On 25 June 2009, Mr. Lam Sau Yin, Student Welfare Secretary (Acting) and myself participated in the demonstration co-organised by the China Human Rights Lawyer Concern Group, the Justice and Peace Commission of the Hong Kong Catholic Diocese and the Hong Kong Alliance to the Liaison Office against the arrest of Mr. Liu Xiaobo. On the same day, the Executive Committee issued the Statement 'Condemning the Arbitrary Detention and Arrest of Mr Liu Xiaobo' (強烈譴責無理拘禁及逮捕劉曉波先生) to the mass media.

On 23 September, 2009, three months after the arrest of Mr. Liu Xiaobo, Mr. Martin Kok, Vice-President (External) and myself joined in the march to the Liaison Office, demanding the immediate release of Mr. Liu and other dissidents, as well as the abolishment of the offence of 'inciting subversion of state power'. On the same day, the Executive Committee co-signed the statement: 'Three months after Liu

Xiaobo's Arrest – Calling for the release of Liu and other imprisoned writer, and the abolishment of the offence of 'inciting subversion of state power' (劉曉波被逮捕三個月：要求釋放劉曉波及其他獄中作家及廢除煽動顛覆國家政權罪).

On 25 December 2009, deprived of the judicial due process and in the lack of prosecution evidence, Mr. Liu Xiaobo was wrongfully convicted of 'inciting subversion of state power' and sentenced heavily to 11-year imprisonment. On the same day, the Executive Committee co-signed the Joint Statement on the Trial of Dr Liu Xiaobo dated 23 December 2009 (联合声明:强烈谴责中国当局侵犯公民权利，呼吁立即无条件释放刘晓波).

On 28 December 2009, Mr. Liu's birthday, I participated in a march to the Liaison Office demanding his immediate release.

On 1 January 2010, the Executive Committee joined the masses in the March for Democracy organized by Power for Democracy and pan-democrats legislators, from the Chater Road Pedestrian Area in Central to the Liaison Office. The immediate release of Mr. Liu Xiaobo, together with that for double universal suffrage by 2012, was among our major demands.

On the night of 12 January 2010, Mr. Martin Kok and myself participated in the "Release Liu Xiaobo" Candlelight Vigil outside the Legislative Council Building, where fellow students were also among the participants.

On 13 January 2010, I participated in a protest outside the Legislative Council in support of the motion "Releasing Liu Xiaobo", tabled by the legislator Mr. Lee Wah-ming. The wording of the motion was: "That this Council seriously regrets that the Central Government has imposed a heavy sentence on Liu Xiaobo for inciting to subvert state power, and demands that the Central Government should immediately release Liu Xiaobo and other dissidents; this Council appeals to the Central Government to recognize that Charter 08 advocated by Liu Xiaobo and others is a manifestation of the common values recognized by civilized societies and to positively affirm the concepts and principles of Charter 08, and the SAR Government should also expeditiously implement dual universal suffrage in Hong Kong according to those concepts and principles." By split voting, the motion was negated by the legislators returned from the functional constituencies, whereas it was passed by those returned from the geographical constituencies.

On 11 February 2010, two days after Mr. Tan Zuoren was sentenced to 5 years of imprisonment, the appeal lodged by Mr. Liu Xiaobo was dismissed after a show hearing that lasted only for ten minutes.

Condemning the Unlawful Imprisonment of Mr. Guo Quan

On 16 October 2009, Chinese democracy activist and university professor Guo Quan, who has openly advocated a multiparty democracy in China, criticised the “jerry-built” constructions in Sichuan and addressed the social problems concerning laid-off workers and reeducation through labour, was sentenced to 10 years for “subversion of state power”, after his arrest in November 2008. In response, the Executive Committee issued the statement ‘Condemning the Unlawful Imprisonment of Mr. Guo Quan: End all Flagrant Infringement on the Freedom of Expression in the Name of “Subversion of State Power”’ (強烈譴責中國當局對郭泉先生的非法監禁: 立即停止以『顛覆國家政權』之名公然打壓言論自由) on 18 October 2009.

Conclusion

To date, regrettably, Mr. Liu Xiaobo, Mr Guo Quan, as well as Mr. Tan Zuoren and many other dissidents are still subject to unlawful imprisonment and continuous persecution in the name of ‘subversion of state power’ and other unjustifiably imposed ‘crimes’. So are many respectable human rights lawyers, for what they do in fulfilling their profession and their belief in the rule of law.

The case of Mr. Liu Xiaobo, a key proposer for future reforms for China in human rights, freedom, democracy, the rule of law and constitutionalism, is also a tragic case for the Chinese people: a tragic case where any person can be punished merely for his words, where dissenting opinions are censored, suppressed and even criminalized. Mr. Liu, while still serving his sentence, will continue to remind the world of the disturbing and deteriorating human rights situations mainland China.

Sixty years since the establishment of the Chinese Communist Party regime, China still has a long way to go towards the rule of law and fundamental human rights protection. Yet these are no foreign concepts to the country. They are both in the PRC Constitution and the International Covenant for Civil and Political Rights which China signed. Such unhealthy imbalance between the rapid economic advancements and the stalled, or even regressive civil and political developments in the past few decades warrant our concern and action. It is hoped that the Union will continue to voice out and act out on the PRC situation.

I hereby express my full support to utmost respect for Mr. Liu Xiaobo, Mr. Guo Quan, Mr. Tan Zuoren and the many unnamed rights defenders, for their relentless efforts and selfless dedication play a vital role in pressing for better protection of rights, freedoms and democracy in China.

D. Campaign against the Guangzhou-Shenzhen-Hong Kong Express Rail Link (XRL)

Introduction

From hindsight, the XRL controversy has turned out to be the most debated topic at the turn of the year. Following the events closely as they unfolded, the Executive Committee had been involved in the Anti-XRL Campaign from an early stage.

"No to Relocation! No to Demolition! In Defence of our Home: A Thousand Strong for Tsoi Yuen Tsuen" (「不遷不拆 保衛家園 千人怒撐菜園村」)

On 18 October 2009, I participated in the resistance campaign: "No to Relocation! No to Demolition! In Defence of our Home: 1000 Strong for Tsoi Yuen Tsuen". The campaign was initiated by the Concern Group of Tsoi Yuen Tsuen in Shek Kong, protesting against the relocation arrangements for the construction of the Hong Kong Section of Guangzhou-Shenzhen-Hong Kong Express Rail Link.

Anti-XRL Campaign: December 2009 – January 2010 (反高鐵 停撥款)

On 18 December 2009, 8, 15 and 16 January 2010 respectively, the Executive Committee and fellow students joined the thousands-strong anti-XRL campaign outside the Legislative Council Building. The meetings were broadcast live in open air to allow the participants to follow the chamber in the chamber in real time.

Following the adjournment of the meeting on 15 January, a considerable number of the participants continued the protest outside the Government House, requesting Mr. Donald Tsang to show up to face the protesters without success. On evening of 16 January 2010, after long hours of debates at the Legislative Council across various sessions, the HK\$66.9 billion funding was passed.

The participants then paraded around the Legislative Council Building peacefully, while demanding Ms. Eva Cheng, Secretary for Transport and Housing to open dialogue with them. A large number of police officers, including riot police, had been stationed and barricades were set up. During hours of peaceful assembly of the protestors gathered around the Building, Ms. Cheng had persistently refused to appear to face the crowd (which she later claimed to have been a balanced decision based on the safety advice given by the police).

It was subsequently shown and heavily criticised that Ms. Cheng and a considerable number of legislators from functional constituencies, under secretive escort of the police, managed to leave the Building and escape into one of the Central MTR station entrances, which had been blocked by the police during the protest.

Conclusion

To many people's surprise, the anti-XRL campaign has turned out to be one of Hong Kong's largest mass campaigns in the recent years, and has established an unprecedented, creative form of local social movement.

Arguably, its success in rallying public support and attracting extensive media and social attention lies not only in the mere issue of the proposed construction of the XRL and the controversies surrounding the estimated construction cost of HK\$66.9 billion. More fundamentally, it lies in the government's lack of accountability and ridicule of the control of the functional constituencies in the undemocratic Legislative Council. Hence, the genuine need for true democracy and the consequences of its absence in Hong Kong have been vividly exposed throughout the discussions to the eventual passing of the funding to the construction of the XRL.

Despite the fact that the passing of the HK\$66.9 million by the dysfunctional Legislative Council had been well expected, it still inevitably reinforced the sense of powerlessness and frustration felt by the Hong Kong people. On the bright side, it is heartening that the XRL incident, with the ridicule it has exposed, has inspired more and more people from all walks of life to come together and voice out, and that it has set a positive precedent for future social movements in our society. And whilst the XRL issue remains in existence and functional constituencies still survive, the fight still goes on.

E. Other Events and Statements

May Fourth Rally

On 3 May 2009, after 'The Cleaning of the Pillar of Shame', the Executive Committee joined in the rally organised by the HKFS to the Liaison Office, demanding 'Continuation of the May Fourth Spirit and the Building of a Democratic China'.

Demanding reception of the 'Fragment of Democracy' as a permanent exhibit at the Legislative Council

On 11 June 2009, I participated in the HKFS protest outside the Legislative Council, demanding the Council's reception of sculptor Mr. Jens Galschiøt's more recent work, 'Fragment of Democracy' as a permanent exhibit at the Council. Although the proposal that the sculpture would become a permanent exhibit was voted down at the day's meeting, our participation at the protest, our demand was greeted with support by a number of pan-democrats on entering the Council building to attend the relevant meeting. Covered by the mass media, it has also served to voice out our demand for democracy as well as our concerns over the lack of commitment shown by some legislative councillors towards the question of universal suffrage.

To date, a number of the sculptures still remain in the custody of the HKFS, awaiting a suitable venue of permanent exhibition.

Demonstration: “Save RTHK! Say No to Political Interference!”

On 26 June 2009, I participated in the HKFS demonstration, with “Save RTHK!” and the Hong Kong Human Rights Monitor, to the Government Headquarters, in defence of the freedom of expression and the freedom of the press in Hong Kong.. The demonstration was initiated in response to reported political interferences and pressure from mainland officials regarding the RTHK television programme featuring the 20th anniversary of the June Fourth Massacre broadcast on the night of 4 June.

On 22 September 2009, the Commerce and Economics Development Bureau announced that RTHK would remain in its current structure as a government department, whereas the Chief Executive would be responsible for appointing a new advisory board to provide editorial policy advice. This has raised legitimate concerns over potential interferences over RTHK in future and the adverse consequences on media independence the free flow of information in Hong Kong.

The Citizens’ Radio Case

On 7 September 2009, Mr. Martin Kok, Vice-President (External) and myself and other members of the Hong Kong Federation of Students (‘HKFS’) gathered outside the Eastern Magistrates' Court in support of Mr. Szeto Wah in the Citizens’ Radio case, calling for protection of the freedom of expression, “Vindication of the 1989 Democratic Movement” and “Opening up of Radio Frequencies” (開放大氣電波).

On 22 October 2009, Mr. Martin Kok, Vice-President (External) and myself and other members of the HKFS gathered again outside the Eastern Magistrates' Court in support of Mr. Szeto Wah in the Citizens’ Radio case. All the defendants were found guilty at law, but it was heartening that the magistrate showed his respect for their acts of civil disobedience, for they have acted for a ‘higher cause’.

It may be noted that there are still ongoing cases concerning the Citizens’ Radio, and that the recent high-profile crackdown of another similar radio station, FM101 has also attracted public attention and scrutiny.

Collaboration with the Hong Kong Youth Alliance for the Assistance of the Underprivileged (HKYAAU)(青年關懷弱勢聯席)

On 27 September 2009, the Executive Committee met with representatives from the newly-founded Hong Kong Youth Alliance for the Assistance of the Underprivileged (HKYAAU) for the first time, to discuss their project on the "Top Stories of 2009 for the Underprivileged & Beyond". It was a new project aiming at raising awareness of the plight of the underprivileged among University students and society at large, by producing short documentaries as well as conducting public campaigns to give a voice to the unreported hardships of the underprivileged in Hong Kong.

In the follow-up meetings of 11 October and 22 December 2009 which we attended, the five "Top Stories of 2009 for the Underprivileged" were discussed and chosen: the Domestic Violence Ordinance, the Express Rail Link controversy, the lack of community support for former patients of mental illnesses, the deterioration of the rich-poor disparity and the legislation for minimum wage.

As an interim conclusion of the 2009 project, the Executive Committee was invited to speak at the press conference held by the HKYAAU on 15 January 2010, among representatives and key campaigners from the relevant interests groups. These included Ms. Ko from the Tsoi Yuen Tsuen concern group and the Honourable Mr. Lee Cheuk-yan, as well as representatives from the students' unions of other universities. The conference was highlighted by the six student-made documentaries on the five top stories, sharing from the guest speakers.

The HKYAAU is currently working on its continuation project on the underprivileged (「關懷弱勢社群」計劃) to further promote social awareness of their hardships in Hong Kong.

The 52nd HKFS Council Meetings

I served as the Secretary of the Current Affairs Committee and have attended most of the Committee meetings, where current social issues were discussed, and statements were drafted and approved.

Equal Opportunity Committee Meeting

On 29 September 2009, I attended the Equal Opportunity Committee meeting in substitution of Mr. Martin Kok, Vice-President (External). At that meeting, arrangements for the Equal Opportunities Festival to be held around March 2010 and the Proposal on Web Accessibility for HKU were discussed in detail.

(III) CONCLUSION

In conclusion, it has been a memorable and eventful year for the Union, and no less to myself. I am truly grateful for the opportunity that has been given to me. Indeed, the learning curve has been a steep one. This is true with respect to both the works of the external stream and the so-called student politics.

As to the latter, it is with much regret that certain incidents of this year have harmed the harmony and solidarity within the Executive Committee, and have inevitably tainted the long-standing reputation of the Union. From the initial re-election to the unprecedented general polling to dismiss the President for his express views on June Fourth, from the accusations of corruption to and the unauthorised ballots in the recent annual elections, the Union has encountered challenges and previously unimagined. Sadly, time and again, the ‘Ayo-LC-Windshields’ saga has shifted the focus away from the actual works and commitments of the Union. At the time of writing this report, the Executive Committee remains vacated. I sincerely hope that at the by-elections in April, able and passionate students will come forth and be given the opportunity to serve the Union.

Nonetheless, as far as the external stream is concerned, I am pleased with our works of the past year overall, in particular in relation to the 20th Commemoration of the June Fourth Massacre. That said, our commitments are only minimal and negligible in face of the past decades of struggles and hard work. ‘External affairs’ is way beyond merely issuing statements and showing up in demonstrations and rallies. It is about advocating universal core values and staying true to them throughout. It is about spreading the word, breaking the silence in apathy and showing our care to society. It is about things easier said than done.

Now, it is time to pass on the torch. It is my dearest wish that the future Executive Committee will continue to adhere to the HKUSU tradition of defending freedom, democracy, human rights and the rule of law. It would then be incumbent upon them to actively take the lead within HKU and in society, for there would be little point for the Executive Committee to be the lone fighter, while the silent majority continues to reside in their own apathy.

Last but not least, I would like to take this opportunity to express my heartfelt thanks to my colleagues of the Executive Committee, for their unfailing support, care, passion and commitment. I would also like to extend my gratitude to everyone who has supported and contributed to the external affairs of the Union. Thank you!

4. 網絡發展事宜:

新播放系統於二零零九年十一月完成安裝，並順利啟用。新播放系統可自由切割畫面，長遠可配合不同屬會的宣傳作準備，例如於電視節目播放期間詳列屬會活動內容，擺放電子海報，製作簡單動畫。可惜於完莊前只嘗試過第一個方法，宣傳效果亦見不裕。

新網絡系統於新落成時亦存在不少技術問題，由於與承辦商的溝通問題，系統設定與理想有所出入，甚至曾導致當機情況。若對任何屬會或同學造成不便，本人責無旁貸並於十一月及一月致力解決問題，隨着各改善工程完成，完莊前新系統已漸趨穩定。

5. 與 U-Vision 交涉

莊期前半年，有不少與 U-Vision 的交涉，最主要相討電視擺位，U-Vision 電視數目等問題，亦有相討 U-Vision 投入服務後的合作空間，曾提及的包括交換節目，於網頁加入對方的連結等，但當時未達成共識。直至完莊亦未有相關的會議。

U-Vision 的成立，當然對校園電視有一定影響，最值得注意為人力資源的影響，有消息人士透露 U-Vision 曾考慮用錢聘用學生，U-Vision 否認有此短期計劃，但強調保留此權利，並以“按同學要求，給同學機會學習”為理由。對此，本人認為這絕對對校園構成威脅，同學於選擇兩者時，未必了解兩者分別，不明校園電視所擁有的編輯自主及創作空間，只明 U-Vision 會有金錢回報，這對本身已經人手緊拙的校園‘電視台’，的確是一個威脅，值得留意。

〔非出版工作〕

新生資訊日

活動目的：介紹學苑予新同學認識，以及招攬未來一年的校園記者。

活動：

-派發本編委之出版

-介紹本編委

-招收校園記者

成效：招收記者的數目頗多，惜於資訊日招收的記者於往後少有參與學苑的工作

建議：新生資訊日的活動更多以介紹學苑為主，可考試辦迎新活動

記者茶聚

日期：九月中

活動目的：介紹學苑予新加入之記者

成效：招收了不少記者，亦介紹了學苑的工作

招莊茶聚一、招莊茶聚二

活動目的：介紹學苑之編輯工作予有興趣上莊的同學

成效：介紹了學苑編輯的工作，得到有興趣上莊的同學的聯絡。

學苑香港人徵文比賽

活動目的：鼓勵同學對自己香港人的身份有所反思，亦希望同學能更踴躍投稿。

成效：有約十六名同學投稿參加，作品質素良好，部分參加者其後亦有繼續投稿。

建議：加大比賽的宣傳，預留更多時間予同學作稿。

〔年度工作檢討及展望〕

出版日期滯後

本莊的二月號，因為部分稿件的問題而延遲至三月才正式出版，本莊對此深表遺憾。

投稿不足

學苑長期存有投稿不足的問題，但此問題於零九年度已略有改善，但本編委仍然希望有更多的同學能投稿，使學苑更能發揮溝通橋樑之角色。

情色 文藝專題

學苑情色文藝專題一事，被兩個主流傳媒廣泛報導，其中更有指本報「宣淫」。本編委認為，事件是傳媒嘩眾取寵、試圖把出版一切有關情、色的文章界定為「宣淫」，反映出社會仍視有關方面的討論為禁忌。本編委雖然沒有特設固定版面討論情、色、性等之話題，但認為校園內應該對此有更多及開放的討論空間。

聯編 繼續爭取合作、溝通

本年聯編的合作出版，可謂聯編的一個大突破，如於半年工作報告中所言，盼望未來聯編有更多合作、溝通，彼此交流。

〔總結〕

盼望二零學苑的編委能清晰自己的定位，承傳學苑慎思、敢言之精神，努力工作！

二零零九年度學生會學苑總編輯

事：香港大學深圳發展計劃

在 2010 年 2 月 23 日，徐立之校長已對外宣佈計劃於深圳興建一個延伸校園。由於此計劃對港大學生有著深遠的影響，故此希望評議會能針對此計劃作出討論，並商討是否應該要有進一步的行動。

由於校方還未公佈計劃的詳細內容，故此此文件只引述報章報導，希望藉此可加深各評議員對計劃的認識，以促進討論。

[背景]

在零九年，港大校務委員會及教務委員會會議上，校方已提出此計劃的討論，學生成員亦曾就此計劃提出相關憂慮及意見，亦曾要求校方在決定前必須廣泛諮詢，惜校方至今尚未公開諮詢同學。

至零九年尾，校方與深圳市政府簽定其中兩項合作計劃，並對外公開濱海醫院、實驗室及牙科學院計劃，校董會通過香港大學《二〇〇九至二〇一四發展策略》當中部份內容亦與計劃有關。至一零年二月二十三日，徐立之校長終對外透露深圳校園項目。

【關於深圳計劃】

此計劃牽涉四個主要合作項目：

1) 香港大學深圳校園

於一零年二月廿三日時對外公佈，正與深圳市政府磋商於當地設立港大延伸校園。

校方強調此並非分校，而是現時港大本部校園的延伸，屆時所有學生（包括本科生及研究生）亦有可能要到內地上課。

相關報導:

「港大現時兩項與深圳合作的項目，包括由深圳政府撥出一幅 100 公頃的土地，等同現時港大在香港校園面積的一倍，由港大興建新校區，地點位於深圳高新科技區與大學城之間，來往香港及深圳校舍只需要一小時車程，預計最快 3 年建成，興建成本料需逾 27 億元人民幣，新校舍落成后，港大會把部分學習和研究工作遷移到新校園。

并計劃讓學生可自由選擇赴深圳學習，不過學生一定要在香港大學校本校區學習，保證學生與其他學系溝通交流。

他說，其實港大的建設學系，現時亦有類似安排，在第一學年可赴上海培訓。今次新校園并非為收取新生而建，而是屬於一種學科安排或者遷移，希望在素質上有所提升。」

(香港商報) 2010 年 02 月 24 日

「徐立之強調深圳校園不是分校，教學和研究仍歸香港大學本部管轄，只是本部教學人員會隨之增加。除了研究設施外，未必會將整個學院搬到深圳校園，也不會強迫香港學生北上上堂。

而為免港生因不想北上而失去報讀有興趣課堂的機會，港大深圳校園和本部會分不同學期開辦課堂。深圳市政府亦會在港大獨立校園附近安排地鐵直達，港大也計劃安排直通車穿梭深圳和薄扶林校園，往返兩地只要一小時。

香港大學社會科學院三年級生徐傑生表示，明白香港發展教育用地不足，但要顧及本科生往返內地的時間，避免舟車勞頓。也有就讀于香港大學的工商管理學院非本地生說，來港大升學是希望接觸中國文化，不介意到內地上學，更希望校方在內地安排住宿。」

(大公報) 2010-02-24

「他續稱，該幅面積多達一百公頃的土地位於深圳市南山區高新科技區與大學城之間，若根據過往內地經驗，需要二十七億元人民幣興建校舍，但他強調不會動用公帑興建深圳校區，故希望今次新校區的工程費用能獲深圳市政府支持，不過，港大現時尚未與深圳市政府簽署任何文件。

對於日後港大生或須跨境上課，徐立之認為問題不大，「預計學生由香港前往校區上課只須一小時，情形與現時該校建築學院於上海設立教學設施，並安排學生在當地上課一個學期的情況相若。」」

徐立之解釋校區是港大校園的一部分，供包括本港教資會資助的本科生前往上課；而分校則是建立另一所獨立學校，並須與內地大學合辦，「但建分校須另聘一批教員和行政人員，港大沒有辦法應付重擔，也不希望在內地多建一所港大。」

(星島日報) 2010-02-24

徐立之指，校方經研究後認為深圳應作為香港校區的延伸，讓部分港校學生於深圳上課，而非另外大額擴招內地生

(文匯報) 2010-02-24

他指出，首席副校長王于漸正蒐集各學系的意見，了解哪個學系有意於深圳發展，預計3月底遞交有關報告予校長，他強調，校方尚在研究校區的模式。

「港大消息人士表示，去年初開始與深圳政府商討，近日進入最後階段。「深圳政府基本上有提任何條件。不過，有官員話，希望校區會有工同理學院，咁可以帶動附近嘅高科技產業，畀當地人取經；另外佢哋都希望校區營運兩至三年後，可以取錄多啲深圳學生，例如研究同碩士生就唔受限。」

立法會議員張文光表示，內地政府日後的確有機會干預大學內地校區，期望香港大學小心處理，不要因為資源而損害珍貴的學術自由。

教協副會長馮偉華指出，近年本地教職員到內地進行研究教學時，已受內地干預學術自由。「好多敏感研究其實你都唔使做，好似『六四』或『新疆』呢啲；如果咁大型一個校園，好難講內地可以用乜方法去調控你。」他表示，雖然大學不能將教資會撥款用於內地項目，但院校若大量將非教資會成本「掙」到內地，可能影響本地教研質素。」

(蘋果日報) 2010年02月24日

「學費的問題還在其次，教育體制方面的差異更難解決。內地高校實行黨委領導制度，並有政治教育，若本港高校與內地合作辦校，沿襲內地的教學及管理體制，那就和內地高校沒有分別。

要想辦出特色，就必須採取獨立辦學的模式，將港式教育完全移植到內地。

然而，內地目前只有中外合作辦學模式，未有境外機構獨立辦學的法例。教育局副局長陳維安承認，港校若想在內地獨立辦學，五年內成事都是言之尚早。

教育政策建基於價值觀及政治制度，關乎言論自由及學術自由，也涉及「一國兩制」下河水井水的界限，在可見的將來，內地是不大可能對有關政策作出重大調整的，要說服內地大開綠燈，允許獨立辦學，真是談何容易

科研經費跨區使用的問題、教師資格認證的問題等都很棘手，還有一個薪俸稅問題，由於本港稅率較低，而內地稅率較高，若本港教師到內地分校工作，實際收入就少了一大截，無疑打擊教師的積極性。」

2) 香港大學深圳教學醫院（濱海醫院）

香港大學校長徐立之於零九年十一月三十日與深圳有關官員，簽署兩份合作意向書，分別為「香港大學深圳教學醫院合作安排」及「深港創新圈創新技術科技合作協議」。港大與深圳市政府合作開辦濱海醫院，由深圳市政府斥資，由港大醫學院管理。醫院為深圳市民提供醫療服務，港大醫科生將有機會到濱海醫院實習。

相關報導:

另外，港大將與深圳市政府合辦香港大學深圳醫院，醫學院長李心平表示，已成立 3 個專責小組，包括臨牀醫療、科研，以及保健與使用量，研究香港大學深圳醫院的發展方向。港大教授將前往港大深圳醫院工作，由深圳市以購買港大教授服務方式合作，醫院所需資源獨立於港大。

3) 深港創新圈創新技術科技合作

於零九年底對外公佈，已與深圳市政府簽定「深港創新圈創新技術科技合作協議」

港大與深圳市政府合作開辦的研究實驗室，相關學科的研究生及研究人員將有機會到內地作研究。

相關報導:

「根據「深港創新圈創新技術科技合作協議」，港大會與深圳市檢驗檢疫科學研究院進一步加強合作，雙方會合作設立實驗室，專注物聯網、食品安全溯源和監管服務技術的研究，該實驗室會成為省和國家級重點實驗室，協議為期五年。」

4) 香港大學深圳牙科學院

於零九年底對外公佈，正與深圳市政府磋商

港大與深圳市政府合作開辦的牙科學院，向深圳市民提供牙醫服務，港大牙醫科生將有機會到牙醫學院上課及實習

相關報導

「備忘亦包括與深圳口腔科部門合作成立牙科學院，但「頭一炮」以先搞好濱海醫院為目標。」
